SOUTH WEST IDAHO FIRE TRAINING

2010

The Southwest Idaho Fire Training program is an interagency effort emphasizing wildland fire training. Our mission is to provide quality training at the local level, utilizing National Wildfire Coordinating Group (NWCG) courses.

This catalog contains information on courses available in the Boise and McCall area. Supplemental and area specific skills development and annual Critical Firefighter Refresher sessions will continue through direct coordination with our adjoining resources.

A Wildfire Academy is held each spring through a partnership with the College of Western Idaho (CWI) The Academy is defined as the courses held during the week of May 24th, which are held on the campus of BSU. Tuition varies depending on class.

To register for a course in this catalog refer to the nomination process on page III. No tuition is charged for courses outside the Academy.

An Associate of Applied Science degree in Wildland Fire Management may be obtained through CWI upon completion of requirements described on page V and VI of this catalog.

SWIFT program questions should be directed to the
